

Project Checklist

Action	Yes	No	Effect, if answered "No"
Have you read the project Terms and Conditions?			You have the potential of experiencing unanticipated costs associated with the project if you have not read the Terms and Conditions.
Are you intending on paying via EFT or Check?			If you do not pay by EFT or Check, you will incur a Credit Card Transaction Fee of 3%.
Are you intending on scheduling your project during regular daylight working hours, and not during a holiday?			If you intend on scheduling your project on holidays or during night shifts, you may incur extra expenses due to unanticipated overtime and premium labor costs.
Will your facility provide adequate lighting?			Black Rock may charge for lighting rentals and / or mobilization if adequate lighting is not provided in the space.
Will your facility provide adequate power requirements?			Black Rock may charge for generator rentals and / or mobilization if adequate power is not provided in the space.
Will your facility provide a method to dispose of waste?			Black Rock may charge for dumpster or disposal fees if these means are not established on site. Otherwise, Black Rock may otherwise leave its debris on site.
Will your project be taking place indoors?			For exterior projects, Black Rock will not be held responsible for damages caused by rain, wind, flooding, or other weather related damages.
Is your facility in good, sound condition? And free of any roofing or plumbing leaks which may interfere with product installation?			Black Rock will not be held responsible for delays or product damages due to by roofing leaks, plumbing leaks, or other uncontrollable factors caused by faulty construction.
Will all equipment and belongings be removed from the working area prior to our arrival?			If belongings or equipment hinders our ability to work upon our arrival to your jobsite, delays may be incurred.
Are all fixed pieces of equipment going to be wrapped and protected prior to our arrival?			If belongings are not protected, they may become contaminated with concrete dust or debris.

If you answered "No" to any of the above questions, please contact your Black Rock rep to discuss the coordination of your project.
